History

DEV INTERNATIONAL was incepted in 2002 as an exporter and supplier of value added, speciality Minerals and Stones. The company was founded by Mr Sandeep Sodani under Sodani Group and mentorship of his veteran father Mr J.C. Sodani. Earlier it was known by another name. In 2009, it was renamed as “DEV INTERNATIONAL”.

It believes in family business tradition and the group works in tandem with the family members. We have the vast and hereditary experience in mining and export of natural minerals.

The History Traces Back to Nineties

In the past, Sodani family was engaged in to diversified business like:

- Drilling, Explosives and Mining Activities
- Cement and Chemical Business
- Garments Process House
- Granite & Marble Manufacturing and Construction Business
- Hotel & Resorts Business
- Had set up warehouses of Granite/Marble in Dubai, Singapore and China for Mica.

The family has been long in to the business of Granite and Marble. With a view to make a foray into the world of exports and to meet the pressing demands of contemporary industry, presently group has acquired mines and manufacturing facilities at various places. Marble mines and manufacturing unit owned in partnership with the leading Indian export house and is handled by Mr. J.C. Sodani in Vietnam. A partly owned granite unit in Chennai is looked after by Mr. Dilip Sodani. Sreenath Granite, Bangalore (Fully Owned by group and is being headed by Mr. Pradeep Sodani and Sandeep Sodani)

Arshant Minerals, Bhiwara (Owned in partnership and is mainly taken care by Mr. Dilip Kumar Jain)

Mr J.C. Sodani is traditionally from Bhiwara, Rajasthan, renowned business family enjoying highest repute in business as well as in social circles. The baton of sharpness, honesty, dedication and credit earned by him is passed over to his three sons. Based upon personal relations of the group with some reputed mine owners and manufacturers in Rajasthan, Gujarat and South India backed by their strong support, we are able to export wide array of other Natural minerals Like Bentonite, Barite, Abrasive Garnet, Quartz, Feldspar, Talc, Dolomite, Calcite, China Clay, Fly ash. We extend our many thanks to them for their valuable support and hope to continue the same in future.

He takes care of account, legal and finance activities of the company. He has the knack of the planning, arranging funds, adapting to various situations.

With the expertise of stalwarts in their respective fields, the group is ushering onto the path of accelerated growth.

From the Desk of CEO

Mr. Sandeep Sodani has been instrumental in shaping Dev International into one of the fastest growing export concern in the world. He is an astute, prolific, visionary and audacious businessman. Prior to moving as CEO of the company, he was involved in marketing, mining and export of granites, marbles, and cements for over 15 years with his father and brothers. Since beginning of his career he was not interested in product manufacturing activities, so he diverted his career and decided to form trading and export companies. He knew he had very strong wings, his family and friends thus his thirst to conquer globally gave birth to Dev International in 2002. The nascent of Dev International quelled his desires to grow and develop recognition in international market. He considerably enjoys leading marketing activities and developing relations with all the stakeholders. Till now, the journey has been full of excitement, challenges and unmatched experience for creating a full-service integrated marketing Company. For him, quality and services are utmost important to sustain long standing business relationships with the customers.

He says “I don’t dream at night, I dare to dream with open eyes; I dream for the growth of the company, nation and people around me”.

I thought that the key to success was just hard work. But the real foundation is faith. Faith the idea that ‘I can do it’ is the opposite of fear (‘What if I fail?’). And faith creates motivation which in turn leads to commitment, hard work, preparation… and eventually success.”

Bites from the CEO

We foster an entrepreneurial spirit throughout our business and value the ability to foresee business opportunities early in the cycle and act on them quickly. The entrepreneurial spirit is developed amongst the individuals and communities who form a part of our entire value chain. We expect to increase our exports significantly and to continue our profitable growth.

People are our most important asset. We actively encourage them to seek new opportunities and pursue the goals. It is our people who make all this possible, we would not have been able to achieve our growth and expansion without their commitment & zeal for excellence.

The company is having a well structured management setup comprising of well trained and highly skilled personnel.

Still, it is seeking tie-ups with companies of international repute for the product development and exports for establishing business relationship in the long run. The company has no constraints in signing up Memorandum of Understanding based upon healthy and trustworthy relationships.

Dev International is committed to strive and to meet the expectations of all its stakeholders and we sincerely ask for your continued support and encouragement.
Vision & Mission

“Our Vision is to have a smile on all our customers face by providing them the best of the best services”

By "The Best", we mean the best products, the best people and the best Services. These three pillars have been the hallmark of our Company; all of these elements drive bottom line success and show that Dev International and its customers are strongest together.

Your demand desires the best.
At Dev International, We believe that you deserve the best. With quality assured at every level, we bring you minerals in their best form and services in a reliable package. Here, “best” becomes more than just a feature. It becomes your strength.

“Our mission is to conquer global recognition by providing valuable services.”

Quality Standards

The entire range is manufactured using premium quality material procured from reliable vendors of the market, and is designed according to international quality parameters. Client satisfaction is our biggest reward. To achieve this, the quality of our products is monitored in all stages of production. Quality check starts from product sampling to final shipment. After production, the crucial chemical and physical properties are tested. Once it is through this, the products are packed by our skilled and experienced packers under constant supervision. We also have staff at the port to supervise and make sure that the unloading of cargo, container stuffing and lashing is done perfectly. We believe that proper packaging and handling is an equally important aspect of product quality.

Services

We understand it well that in international business good service is as essential as good quality. As we have clients across many countries in different time zones, we ensure that we are available 24x7 on phone as well as on email. As we have a prudent schedule and delivery system, we are able to manage even huge quantity orders smoothly and on time. We have good terms with all the major shipping lines so we are able to give our clients the quickest connectivity and transit times for any destination. The status of product sampling, development and shipment is regularly conveyed to buyers.
We thank God for blessing us and guiding us in all our endeavours. God, you gave us the opportunity to explore your earthly creations and gave us the courage to think high and reach the sky.

GOD ALWAYS SHOWER YOUR CHOICEST BLESSINGS ON US AND HELP US TO EXPLORE THIS WHOLE WORLD MAP WITH RED
